Apple IIf Owner's Manual 030-1030-B: Erratum on PR#7 feature

=====

Received with the new Apple IIf, the manual with part number 030-1030-B shows, at the top of page 100, how to boot the computer off the external drive as part of a troubleshooting procedure.

However, the manual doesn't state that the PR#7 feature has been removed since the introduction of the UniDisk 3.5 option for the IIf.
