AppleShare PC 2.0: Compatible Network Cards

=====

This article last reviewed: 29 August 1989

TOPIC -----

This article lists cards known to be supported by AppleShare PC 2.0

DISCUSSION -----

AppleShare PC 2.0 supports the following cards:

3COM EtherLink II  
3COM EtherLink MC (MicroChannel)  
IBM Token Ring 802.2 (long card)  
IBM Token Ring 802.2 (short card)  
IBM Token Ring Adapter/A (MicroChannel)  
DayStar Digital MCA LocalTalk Card (MicroChannel)  
Apple LocalTalk PC Card

Only the cards listed above have drivers included with AppleShare PC 2.0.

Other third-party network cards may also be able to support AppleShare 2.0.

For more information, contact the card manufacturers directly.
