TOPIC ---

What is the correct version of MacIrma software to use with System 7?

DISCUSSION --

MacIrma Entry Emulation 1.2.6 (cut mode only) and MacIrma Workstation
1.1.2 (cut and DFT) are the System 7-compatible versions of MacIrma
software. These versions are currently available and shipping from DCA.

To locate the vendor's address and phone numbers, use "Digital
Communications Associates, Inc. (DCA)" as a search string.
