AppleShare Server 3.0: Upgrade Information (Discontinued)

=====

Article Created: 15 October 1991
Article Reviewed/Updated: 22 May 1995

TOPIC -----

The following information serves to inform customers how to upgrade to AppleShare Server 3.0.

DISCUSSION -----

AppleShare Server 3.0 was introduced on October 15, 1991. As a method of upgrading the installed base as well as new customers to AppleShare Server 3.0, an upgrade program - via a coupon - has been established. New customers will be eligible to receive AppleShare Server 3.0 at no charge, the installed base will be offered a reduction in price to upgrade.

The disk file - AppleShare Coupon - is the upgrade coupon for new customers. The order form - AppleShare Order Form - is for the installed base. Although the AppleShare Server 3.0 product will not be available for fulfillment until December, the program begins on October 15, 1991; therefore, coupons may be submitted to the fulfillment house to begin processing on October 15. In addition, coupons (both the new customer coupon and the installed base order form) are available through PROMO.DIST. When requesting additional coupons through PROMO.DIST please note the number as follows:

- #900300 - coupon for new customers to receive the product at no charge.
- #900301 - order form for the installed base to purchase the product at a reduced price.

Requirements

Customers who purchase AppleShare File Server 2.0 between October 15, 1991 and December 31, 1991 will be eligible to receive AppleShare Server 3.0 at no charge.

- The customer is required to mail (to the address indicated on the coupon):
 - 1) The AppleShare coupon (obtained from an authorized Apple Reseller);
 - 2) An original, dated, itemized sales invoice as proof of purchase; and
 - 3) Their original AppleShare File Server 2.0 - Server Installer disk (for each upgrade requested)
- This offer is available for fulfillment through April 1, 1992.

Customers who purchased AppleShare File Server 2.0 prior to October 15, 1991 will be offered a reduction in price to upgrade to AppleShare Server 3.0.

- The customer is required to mail (to the address indicated on the coupon):
 - 1) The AppleShare order form (obtained from an authorized Apple Reseller).
 - 2) Their original AppleShare File Server 2.0 - Server Installer disk (for each upgrade requested), include AppleShare 2.0 Print Server - Server Installer disk if applicable.
 - 3) A certified check or money order for the amount as follows:
AppleShare 2.0 File Server owners (only)\$299 AppleShare 2.0 File and Print Server owners \$199
- This offer is available for fulfillment through April 1, 1992.

Customers who own ONLY AppleShare 2.0 Print Server are required to purchase the AppleShare Server 3.0 product from an authorized Apple reseller.
