Macintosh Classic Series: Tilt/Swivel, Security Device (2/93)

==

Article Created: 9 February 1993

TOPIC ---

I'd like to tilt my Color Classic so I can see the display better. Can
I do that? And is there a product that lets me secure my computer to a
table?

DISCUSSION --

A company called Kensington Ltd. sells a Tilt/Swivel stand that works with
the Macintosh Classic, Classic II, and Color Classic. Kensington also has
a security kit that works with those models.

To locate a vendor's address and phone numbers, use the vendor's name as a
search string.
