LaserWriter Select 310: Description (1/94)

Article Created: 9 February 1993
Article Reviewed/Updated: 10 January 1994

TOPIC -----

This article describes the LaserWriter Select 310.

DISCUSSION -----

Overview

The LaserWriter Select 310 is the most affordable PostScript laser printer ever to come from Apple, and is designed for personal use by both Macintosh and Windows computer users.

13 scalable Postscript fonts are provided, including such popular standards as Times, Helvetica, and Courier.

Background printing is included for both Macintosh and Windows computers.

The LaserWriter Select 310 features a standard cassette tray that holds 250 sheets of paper, and a manual paper feed tray. You can add an optional 250- or 500-sheet paper feeder, a 250-sheet legal cassette, an envelope cassette, and a multipurpose tray for paper or envelopes.

Serial and parallel connections are included so there's no need to purchase any additional interface cards or software drivers.

Print quality

-
- 300 dots-per-inch (dpi) resolution for high-quality text and graphics
 - 13 scalable fonts for printing a wide range of styles and sizes
 - Adobe PostScript printing

Compatibility

..TIL11522-LaserWriter_Select_310-Description_1-94.pdf
