DAL for VAX/VMS 1.4: TCP/IP Support (11/93)

==

Article Created: 11 November 1993

TOPIC ---

What is the status of TCP/IP access to DAL on VMS? Is this a feature of
the latest release, or is it due for the next release of DAL?

DISCUSSION --

The latest version of DAL for VAX/VMS 1.4 supports the following TCP
products:

Digital's TCP/IP Services for OpenVMS V2.0
Process Software's TCPware V3.1
TGV's Multinet V3.2
Wollongong's WIN/TCP V5.2.1

To locate a vendor's address and phone number, use the vendor name as a
search string.
