HyperCard and Virex 3.5: Crash with "open file..." (7/92)

=====

Article Created: 29 August 1991
Article Reviewed/Updated: 23 July 1992

TOPIC -----

A user reports that if Virex 3.5 is running, and is configured to examine HyperCard stacks, then HyperCard 2.x will crash if an "open file..." statement is executed.

DISCUSSION -----

The solution is to remove Virex, or turn off the examination of HyperCard stacks by Virex.
