System 7.5: Stickies Description (4/95)

=====================================================================

Article Created: 02 August 1994
Article Reviewed/Updated: 7 April 1995

TOPIC -------------------------------------------------------------

What exactly are "Stickies"?

DISCUSSION ---------------------------------------------------------

Stickies are on-screen electronic notes, similar to 3M Post-it brand notes, that
can be customized with various colors and stylized text. You can use them to
remind yourself of key meetings, phone calls, or important dates. You can print
or mail your sticky memos using Macintosh Drag and Drop.
