TelePort/Gold and Older Macintosh Computers (8/94)

=====

Article Created: 12 August 1994

TOPIC -----

This article describes the incompatibility with the TelePort/Gold and older Macintosh computers.

DISCUSSION -----

Global Village has reported that their TelePort/Gold modem cannot be used with a Macintosh 128K, 512K, or Plus. This information can also be found written on the product's box.
