TOPIC

How can I search for just a particular vendor's name, address, and phone number?

DISCUSSION

To locate a vendor's name, address, and phone number proceed to Apple's Macintosh Products Guide website located at: **http://guide.apple.com**.

The Apple's Macintosh Products Guide website catalogs over 15,000 products for the Macintosh. This website contains a search features that allow you to search by a vendor company's name or other criteria.

If, however, you prefer to use the TIL to search for a vendor, use the vendor name as a search string in addition to the keyword 3pty. 3pty refers to a third party (non-Apple) company.

Sample Search Strings:
XYZ Company and 3pty
ABC Corporation and 3pty
123 and 3pty

TIL Article 22104: "**Tech Info Library: Basic Search Techniques**", contains a list of useful keywords and instructions describing how to improve your searching techniques.
