LaserWriter 4/600 PS: Mac OS Requirements (6/95)

=====

Article Created: 26 June 1995

TOPIC -----

The specifications for the LaserWriter 4/600 PS state that it requires System 7.1.1. but the manual indicates that it requires System 7.1. Can you please clarify this?

DISCUSSION -----

The LaserWriter 4/600 PS requires System 7.1 or later. However, in order to use the desktop printing feature, System 7.1.1 or later is needed.
