LaserWriter 3.0 for Windows: Drivers supported (8/95)

Article Created: 31 August 1995

TOPIC -----

What printers are installed with the LaserWriter Printer software 3.0 for Windows?

DISCUSSION -----

The LaserWriter Printer Software 3.0 for Windows installation disks ship with the Color LaserWriter 12/600 PS. You can also download the LaserWriter Printer Software from online services. The three disk set includes the latest Adobe PostScript driver and some Apple PPDs. The following printers are part of the installation:

Adobe Default Printer
Apple Color LaserWriter 12/600
Apple LaserWriter 16/600 PS
Apple LaserWriter Pro 600
Apple LaserWriter Pro 630
Apple LaserWriter Select 360
