=====

Article Created: 16 July 1996

TOPIC -----

ADDmotion II is bundled with HyperCard 2.3. When you call the technical support number listed in the manual you are referred to another phone number.

DISCUSSION -----

Motion Works Group provides technical support for the product that ships with HyperCard. The number on the sticker of the ADDmotion manual, 415-541-9333 is no longer valid.

If customers dial 800-541-9333 they will reach an entirely different company.

To find the current phone number for the vendor use the search string "Motion Works Group".
